Workshops include: Talking and Healing Circles, Ancient Prophecies – Current Realities, Understanding and Healing Intergenerational Trauma, including physical, emotional, spiritual and sexual abuse, Forgiveness and Reconciliation, and Understanding the Ancient Prophecies and Sacred Teachings of the Medicine Wheel.

WISDOM OF THE PRESENTERS:

"Dreams are a communication to you from the Creator, directly to your spirit soul"

**- Elder and Clan Mother, Dr. Lee Piper**

*Let us work with common ground and begin to work together to do what can be done to conserve and protect our lives, our children's' lives, and all life. So Mother Earth can begin to heal, as we heal, together with one mind, one heart, one Spirit and one Prayer.*

**-- Esteemed Elder William Commanda**

*"At long last, things are moving in the right direction for my people as we return to our traditional roots of lifelong learning."*

**-- Hereditary Chief Leonard George**

*"The most sacred of all sacred ceremonies is the birth of a child. Then who are we?"*

**-- Hereditary Chief Phil Lane Jr.**

The ancient prophecies of the White Buffalo, Black Elk, the Hopis and Quetzequatl clearly foretell the dramatic period of history we are now experiencing, and envision the incredible day of peace and harmony that is coming for the human family and Mother Earth. The time for healing is NOW. *"Those who participate in this very historic conference will become catalysts for change, and will forever become a part of this sacred circle of the human family"*, says, conference Coordinator.
